

Back Up

**CLOTHING AS
OFFENSIVE
WEAPONS**

Back-Up Declaration !.

Back-Ups goal is to provide high quality products that are difficult or impossible to find elsewhere through a quick and efficient mail order service.

It is our aim to use the funds raised by clothing, stickers, patches, posters, C.D.s' and videos to assist the following direct action agenda:

- To finance a stand-up fight against : arrests and evictions, harassment and threats, disconnections and repossessions, rapists and child molesters in the areas we live.
- To help bankroll a bust fund to pay legal fees and fines, bail people out and help suffering families
- To organise a fight fund to finance the class war defence and attack.

We will be putting on gigs, disco 's and parties and we encourage others to get involved and do likewise.

We can't do it all on our own ! We need help organising benefit gigs and discos in your area — fund-raising anyway you know how .

All donations are desperately needed. This organisation directs 100% of its profits to the cause.

Get involved and get organised !

CLASS WAR

FIGHT BACK!

What we're facing up to now is the most sophisticated, deliberate and well-planned offensive to hold the people at ransom in history.

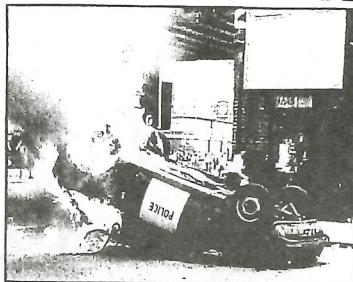

... we are being conditioned into accepting a death/die life that is ruled by money
... their people, their feelings and what we really want doesn't count. Control of our
... it is always kept just out of our grasp ... we are told constantly by TV, print and
... misled by their propaganda, stereotypes, false information ... If you don't want to
... in me play the game by their rules, then you can expect to be imprisoned, beaten,
... committed, harassed without your life in jail or the next step.

to what does worry the rich and powerful who are fast destroying our world
what does bother this comfortable little arrangement of things? They are
life working together, thinking for themselves not of themselves. They are
unwilling to organize and defend themselves in a non-combative way, real
communication, across cracks in the street with nothing to lose

**THE TIME IS ALSO THESE PULPY DIFFERENCES, BEGINNING AROUND EVERY ASPECT OF OUR
LIFE AND WORK. A TOTALLY RUTHLESS STRUGGLE AGAINST ALL OPPRESSIVE FORCES IS NOW !!!
KICK DOWN THEIR BARRIERS AND TAKE THE FIGHT TO THEM !!!**

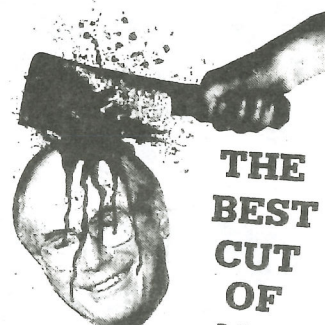

RICK DOWN THEIR BARRIERS AND TAKE THE FIGHT TO THEM !!!
